

Overzichtstabel van de primitieve kadasterplannen (1813), de Atlas der Buurtwegen (1845) en het plan van Popp (1861) van HERENT

Patrick Trio bewerkte drie belangrijke reeksen plannen van Herent uit de negentiende eeuw, haalde de persoonsgegevens uit de bijhorende leggers en koppelde alles aan mekaar per perceel.

Het resultaat is een **overzichtstabel** waarin u te weten komt waar in Herent een bepaalde persoon woonde en/of eventueel nog een eigendom had. Het geeft een beeld van de evolutie van de eigenaars per perceel over een periode van 60 jaar. En blijft het pand in de familie, dan is de opeenvolging van generaties te zien.

Hij gebruikte:

- de **primitieve kadasterplannen** die voor Herent nog tijdens de Franse bezetting in 1813 door Jean Charles de Mortier getekend werden
- de **Atlas der Buurtwegen** die hier in 1845 getekend en opgesteld werd door landmeter Buyse
- tenslotte de **Popp-kaart** die van 1861 dateert.

De alfabetische **index** op de persoonsnamen, met verwijzing naar het perceel (of de percelen) waar iemand eigenaar van was, kunt u hieronder raadplegen.
